Rise Of The Flame: An Epic Fantasy Novel (The Eura Chronicles Book 1)

Synopsis

New York Times bestselling author, K.N. Lee presents an epic fantasy series fans and critics are comparing to The Lord of the Rings and Game of Thrones. Six races. Four realms. One devastating war. The survival of the universe rests on the shoulders of one human girl, but can Lilae escape slavery in time to save humanity? While Lilae embarks on her own journey, Prince Liam leads his army across the realm to protect the Tryans and the fairies from Shadow Elf raiders. When their odds of survival become next to impossible, he must set out on a journey to find a dragon, a powerful child king, and the blessing of a fallen god to aid him in the inevitable realm war. The path forward for both Liam and Lilae seems clear until their dreamscapes collide. But while they draw strength from their connection, Lilae may be falling for the mysterious emperor who should be her greatest enemy.

Customer Reviews

Rise of the Flame is the first installment of an epic fantasy that is a little dark, a little tragic and promises more of that to come. It's ultimately about a 5 people from various different races that are The Chosen of god like beings that are waring. The Flame, Storm, Cursed One, Steel and Inquisitor ultimately will be the saviors or destroyers of the world of Eura. Lilae is our mc for most of this good and is the Flame; Liam who is Storm has a pretty big role in this book with the other Chosen having lesser roles so far. Lilae is taken from her home just an hour after she is born and we follow her life with her younger years just getting cameos so it's not bogging down the forward movement of the plot. Liam's story starts to get interwoven about half way through the book and starts to give us more details on the past and what is to come. I think this is going to be a more character driven story but the world building was still sufficient. Oddly its Kavien the Cursed One that I really want to see what happens, I want to see if he can hold back the evil god that speaks directly into his head and takes control of him. Kavien is going to be pivotal because he's either going to be the ultimate bad or be a savior; If he can overcome what he was chosen to do he could be the one that saves the world. Rise of the Flame was fairly fast paced and entertaining. While there is quite a bit of violence it's not overly graphic. There really is not much in the way of romance in this story and zero sexual content and should be entertaining to YA and older.

3.5/4 stars A dark and interesting new fantasy that blends elements of Lord of the Rings and the video game Heavenly Sword. Full of unique and intriguing races and powers, this book promises an unforgettable adventure despite some issues. For me, the story started off slow. It was a little hard to get into and took me awhile. But once I got to the second half of the book, it picked up and really captured my attention. The different characters were enjoyable to read, I only wished there would've been more focus on who they were to get a better feel for them. I feel the same about the world. All we saw was such a small part of this huge world that I wanted more. Maybe in the next book we'll get more of each world and race not to mention all the different powers. There are still so many

questions left unanswered and I can't wait for the adventure to continue.

This was beyond anything I could've hoped for in a favorite type of book, the particular type you search for desperately and rarely get. The journey and adventure kept me entertained, as did the complicated romance amongst all the characters. Then there's the characters themselves and the secret roles they all play in the grander scheme of things. I loved the way it was written, hated the way it switched off to different povs as soon as I was hooked to one story, and felt absolutely devastated at the end. I'd complain about unfinished business but it is an epic fantasy novel, so I can only blame myself for thinking everything wouldn't leave me completely heartbroken and nearly emotionally traumatized!! I've found another author to stalk- I mean read from -and this is an absolute must read for fantasy lovers with romance and intense details with the graphics.

Rise of the Flame is epic in every sense of the word! This book has everything--complex characters, a well-developed fantasy world, romance, action, and plot twists. The author certainly knows how to tell a story. I was hooked from the first page... and I guarantee you'll be too! If you enjoyed Lord of the Rings or Game of Thrones, you'll love this book.

First, why oh why did I wait so long to read this? I am kicking myself. Lilae and Liam are the Flame and the Storm and together they may just win the war. Unfortunately they need to find each other first and to do that they must battle their own demons. No one is safe and the stakes couldn't be higher. I absolutely loved this book. It took a bit since the POV kept changing but in the end I enjoyed being able to understand what the other characters were thinking. It really enhanced the story. I also enjoyed the fact that Lilae wasn't some girl in need of rescue, she was tough and had to go through her own trials/pain. Cannot wait to start the second book and see where this epic fantasy takes me next.

I love finding authors I haven't tried that surprise me. I loved this. Once you get into this you're completely hooked. This author uses multiple POVs- something I don't normally like- but it actually really works and I appreciated the way it was used. It allows us to connect with the characters in ways that we wouldn't be able to with single person narration. Lilae is a badass but you also want to hold her and comfort her because she goes through so much- she's an awesome heroine. I really fell for Liam, too. The central plot surrounding the Chosen (literally chosen by the Ancients) and their journeys is fascinating- the author creates an epic fantasy story filled with politics, intrigue,

action, and some romance.

Absolutely loved! Couldn't put it down, bought the next book as soon as I finished and can't wait for book 3. It's got a bit of everything.... Humor, romance, adventure, action, horror, etc. Definitely recommend.

OMG!! My socks were knocked so far off that I can't find them. It is an epic fantasy where you pull for the good guys. I loved the characters and the world building. I was immersed in this world and I never want to live. My favorite character was Liam. There is something soft and hard about him. I can't quite put my finger on him. I loved his friends Nani and Rowe. Don't get me wrong I loved Lilae. She was quiet and strong. She lost herself and found it. I adored her family and there was raw emotions attached to them. I am almost at a lost for words because of how much I loved it. This is the first work I have read from this author and it will not be last. I will never forget this book and look forward to reading the rest of the series.
