I love these books. I'm constantly looking for interesting nonfiction texts for my classroom. These are perfect for my third graders and they can not get enough of them. Kids are constantly coming up to me and telling me new facts that they have learned from the books in this series. Great for science, reading, social studies, history, vocabulary, etc. Highly recommended!

I have been consistently impressed by the biography series by Step into Reading.

This book is absolutely fantastic! As a South African living in the US, I really wanted to find a good selection of books relating to South Africa for my 6 year old daughter. This book does not disappoint! A++
