President Donald Trump (True Bookbiographies)

Synopsis

In 2016, Donald J. Trump was elected as the 45th President of the United States. Readers will learn all about Trump's life, from his childhood and education to his career as a real estate mogul and television star. They will also get to know his family and find out why his presidential campaign has been a source of controversy.

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

My 9 year old niece, who is just discovering what our election process is like, asked me for a biography of Donald Trump. Being that my political ideology is far different from his, I was worried about finding a book that would be politically neutral, as well as age appropriate. This one fit the bill. I admit it read a little bit young, but it gave a good, fair biography, and even explained how the electoral college system and how he won the election without winning the popular vote. I was pleasantly surprised.

This is a calmly-written, fair-and-balanced biography of a deeply controversial figure. It describes Trump's pre-political career in considerable detail, which is particularly useful for young readers seeking to understand how the man became as popular as he is. Though a small, slim book, it has

plenty of attractive photos and graphics, and large, readable text. An ideal choice for elementary-school aged kids. The book will obviously become dated quite quickly, as the biography ends with Trump's election, and does not discuss any of the actual events of his presidency.

A W E S O M E !!!
