Interstate 95: The Road To Sun And Sand

Synopsis

A road trip through time down the eastern seaboard"From horseback to stagecoach, and into the front seat of the family station wagon, Dianne Perrier takes readers on a wonderful journey along the trails, plank roads, and macadamized routes of yesteryear--laying the historical foundation for the I-95 super slab of present day."--Michael Karl Witzel, author of *Barbecue Road Trip: Recipes, Restaurants, & Pitmasters from America's Great Barbecue Regions* "Stretching from Maine's Canadian border almost all the way to the Florida Keys, Interstate 95 traverses fifteen states, plus the District of Columbia, and links the cities of Boston, New York, Philadelphia, Baltimore, Richmond, Fayetteville, Savannah, Jacksonville, and Miami--to name but a few. At more than 1,900 miles, it's one of the longest and most heavily travelled (11 million vehicles per year) roads in the country. For both snowbirds and spring-breakers, I-95 is an escape route to sand and sunshine. Travelers may complain about heavy traffic, poor road conditions, and delays, but as Dianne Perrier points out in this fascinating cultural history of the I-95 corridor, such has always been the case. The pace of travel--and life--is faster now, so it's hard to imagine that Longfellow was inspired to write his famous poem about Paul Revere by an evening spent at a tavern along the road that would eventually be served by I-95. Perrier reminds us of the profound and mundane events that took place along the

Book Information

Paperback: 256 pages

Publisher: University Press of Florida (September 5, 2010)

Language: English

ISBN-10: 0813034809

ISBN-13: 978-0813034805

Product Dimensions: 5.5 x 1 x 8.5 inches

Shipping Weight: 14.4 ounces

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #909,787 in Books (See Top 100 in Books) #72 in Books > Engineering & Transportation > Engineering > Civil & Environmental > Highway & Traffic #210 in Books > Engineering & Transportation > Engineering > Civil & Environmental > Transportation #706 in Books > Travel > Food, Lodging & Transportation > Road Travel

Dianne Perrier is a freelance writer and editor who divides her time between Ontario, Canada, and Fernandina Beach, Florida

I wish I had read Interstate 95 ten years ago on my first trip to Florida. Dianne Perrier's whimsical sense of humor paints a delightful picture of the early sun-seekers and the obstacles they had to overcome in their determined quest to get to a beach. Having read all three of Dianne's books to date, I can only say "when is our next trip and where are we going?"

All down the east coast, Interstate 95 is one of the most famous tracks of road in America. "Interstate 95: The Road to Sun and Sand" traces the history of the road, and how it became an icon of many Northerners as the road they take for getting away from the grind of their daily lives. Many have made the road itself the attraction with much to see and do all along the way. "Interstate 95" is a fascinating read of this road, providing a grand dose of history.
