excellent to help prepare my students

This reviewer covers all important parts of IELTS. My wife used it and got really good scores in her exam. Highly recommended.

Just excellent. Met all of my expectations. Also loved the division of subjects this book has and the tips it gives.

Not that great!! Actual exam is tougher than the questionnaires in the book.

The book arrived with the cd's broken, the first page is torn, and several of the pages inside are falling from the book...I will need to repurchase the book...

I am curious how accurate the model test results are comparing to real ielts academic test? Anyone has any experiences? Thank you!

A great study guide and exam prep. I recommend.

I don't like the IELTS but this book can help you if someone teach you.
