See Endorsements. "Cynthia had me at hello, and each page drew me deeper and deeper into a world of profound self-discovery. I loved reading the story of her dark-night-of-the-soul experience and how it led to her inner awakening and the resulting teaching about how we can take our own most challenging experiences and use them to awaken our inner spirit, passions, and gifts and become Powerful Beyond Measure." Debra Poneman, best-selling author, founder of Yes to Success, Inc. and cofounder of Your Year of Miracles, LLC "In a world where so many seek power in an unbalanced way, Cindy takes us back to the roots addressing internal issues to support the reader in embracing a balance of power and heart. A true gift to humanity." John Newton, founder of HealthBeyondBelief.com "What if you could let go of the past and harness the power of the most difficult experiences of your life? In Powerful Beyond Measure, Cindy Mazzaferro has given us

a path for healing ourselves and walking into our future with open hearts. With depth and honesty, she's written an exceptional book that will help you ease emotional pain and transform it into the peace and power that's always been inside of you.

"Powerful Beyond Measure is a beautiful book of self-exploration. It leads you inside yourself so you can find your true purpose. If you want to have a deeper understanding of yourself, and who doesn't, you must read this book!"

Cary Carbonaro, MBA, CFP®, author of *The Money Queen's Guide: For Women Who Want to Build Wealth and Banish Fear*

"When I first met Cindy my world looked dark and bleak. The years of mental, emotional, and physical abuse was embedded into every cell in my body, which resulted in numerous serious medical conditions, including multiple cancers and autoimmune diseases. I had fibromyalgia pain for over forty years that was constant and debilitating. Cindy offered to work with me, and after the first Reiki treatment, I slowly stood up and opened my eyes. I remember clearly everything around me: the natural light in the room was brighter, almost shimmering; her flowers and plants all had a fascinating glow to them, and one could feel them to be alive. I couldn't stop watching the beauty all around me; it was as if everything had changed, from a place of profound darkness to God's true light in the world. I was so amazed at the light and love in the room, I hadn't even realized that I was totally pain free, too! It was such a change in reality, as if I was seeing life and love for the first time. Powerful Beyond Measure is Cindy's gift to the world, infused with God's love, powerful words, and healing. For all those waiting for love, peace, and beauty to enter into your life, there's no need to wait any longer; you're only a few pages away from finding your power within and being Powerful Beyond Measure. This is a book that you'll want to read over and over again!"

"In my 20s, I made a conscious choice to start having a happy life. I didn't know how that would manifest or what changes it would open up, but more than thirty years later, I still refer to it as the best decision I ever made. Finding and harnessing our own mighty power to change ourselves and the world is a path to happiness. And Cynthia Mazzaferro will lead you there. Combining her own and others' personal stories with the latest neuroscience, she's created a well-written and smoothly flowing guide to what's possible which is just about everything. As Muhammad Ali said, 'Impossible is not a fact. It's a dare.'

As with most personal improvement and self growth books, you get the most value from what you put in. While Cynthia's book is no different: It's an easy read and her style makes you feel like you've always known her. She invites you into her life through past experiences and through her examples, you learn how to overcome many of life's obstacles. She provides ready to use, engaging exercises that enable you to take that leap and claim personal empowerment and heal from within. I've not done yet but I've received so much value from her book, I've already recommended it to friends and family.

I've read up to page 18, and did the first exercises and already unlocked some of my past and having a better understanding. I can't wait to answer the questions and go through this with my mom and I think I will do with my dad, also, especially Question 3. "What were your mother's feelings about being pregnant? Your father's feelings? I am pretty sure I know my mom's of being embarrassed and scared at 19. I already love how you are bringing the spirituality aspects into the book, reflection of your childhood and the reminder of how we take on our parents thoughts, feelings, "everything" when we are in the womb. I can't wait to finish and do the exercises! Thank you for writing this book.

Is a really good book very good read have recommend for friends and family to buy the book 5 stars

so far so good

As a reader of the works of Eckhart Tolle, Marianne Williamson, Louise Hay and Wayne Dyer, I was pretty sure I didn't need another "self-help" book in my physical and emotional wellbeing toolbox, but I purchased Ms. Mazzaferro's

book anyway because the title grabbed me. I may not have needed just another "book, but goodness, I needed this one. In fact, if I had to pick a single book that embraces the best of New Thought and ancient wisdoms it would be **POWERFUL BEYOND MEASURE**. Packed with great perspectives and step-by-step exercises, Ms. Mazzaferro's book is like six books in one. I have just completed my first read and am now ready to jump back in for a deep dive to further advance my healing. I may offer some anecdotal insight on my experience reading **Powerful Beyond Measure**. For the past year I've struggled with lower back and foot pain. X-rays and MRIs proved little with the exception of inflammation along my spine for no apparent reason. Toxicology tests, allergy tests all came back negative and left me despondent. (The only thing worse than being in pain and getting a diagnosis that something is wrong -- is getting a diagnosis that NOTHING is wrong!) Long familiar with the notion of the Mind/Body/Spirit connection and knowing that the back represents "support" and feet issues can result when one literally does not take "a stand," I tried to find the answers within myself, and with little success. It was not until I read **Powerful Beyond Measure** and began doing the visualization methods that I had a profound Aha! moment when I realized my pain began about the same time I had some negative experiences and comments from loved ones surrounding a book I was writing at the time. Using the guided meditation and the work sheets have resulted in a decrease of pain and have led me to a better understanding of myself and my relationships with my loved ones. With Ms. Mazzaferro's help, I've delved deeper into the whys and hows of the past which had manifested into dis-ease and the dis-harmony in my life. Armed with new tools, I have a renewed sense of direction as I step into the future. **Powerful Beyond Measure**, indeed!
