Synopsis

There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in promises for programs like Social Security and Medicare it simply can't afford to keep. The only way to deliver on these promises is to raise taxes. It's simple math. Some experts have even suggested that tax rates have to double just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In David McKnight's ground breaking audiobook *The Power of Zero*, he provides you with a step by step roadmap on how to get to the 0% tax bracket, effectively eliminating tax rate risk from your retirement picture. Why is the 0% tax bracket so powerful? Because if tax rates double, two times zero is still zero! The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?

Customer Reviews

Clearly shows how to make maximum use of tax deferred and tax free retirement savings plan. The part about reducing taxable income for Social Security was something I had never considered.

Great book for someone not in the financial planning or tax planning business. Actually, some financial planners might benefit from it as well.

A quick, easy read with advice in clear, easy to understand language that provides the steps to reach the 0 % tax bracket during your retirement.

This book lays out how to improve your financial situation for retirement. I am implementing every recommendation I can from this book. Highly recommended!

Excellent information. Have told our adult children and others about this book. Wish I had been able to read this earlier in my life.

Excellent book! A must read...

I think it's an excellent well written book and educational for any working person who wants to retire with a decent income.

If you ar a US taxpayer then you must read this book. Highly recommend it!!!
