# Not Her Baby

## **Synopsis**

When eighteen-year-old Aubrey Dale's cousin is diagnosed with leukemia, Aubrey volunteers to in-vitro fertilization in order to become a vessel for the donor that will save her life. Now this clean-cut high school student must learn to adapt to life as a pregnant teenager, despite still being a virgin. Things only get more complicated when she falls in love with her best friend, Eli Calhoun, who has just returned from the penitentiary. Rumors soon spread that the insemination story is only a cover up. That's when the anonymous threats begin. Someone in her small town disapproves of this so-called abomination. The psychological games soon take a twisted turn, putting Aubrey and her unborn child's lives in danger. Aubrey and Eli race to uncover the horrible truth before it destroys everything.

## **Customer Reviews**

Cassandra Jamison's debut novel is full of wry wit and dark twists that will keep you turning the pages. I was really impressed by this author's fresh voice, and her characters stuck with me long

after the book was finished. I loved everything about this book, and I can't wait to read something else from this author.

For her first book Cassandra Jamison totally hit it out of the park!!! When reading this book it felt like I was reading a book from an author I normally read from but it kept blowing my mind every time my mind went back to realizing that she's a new author. I have never in my life had to put a book down because I was too afraid to read forward to find out what happens. This book gets very dark but that just makes the book so much better. :) Enjoy reading!

Wow!!! What a gripping story; it had me engaged and caring about this character right from the beginning! All too often I get bored and then move quickly to another book. Not this!! I loved it right from the start. Make sure you pick up this book; it's a great summer read for the beach, or even stuck inside on cold nights. I'm looking forward to hearing more from this author!

Not her Baby is a "can't put it down" book. Ms. Jamison has a way of bringing her characters to life. I felt so many emotions while reading this book: anger, love, scared . . . It was definitely a "nail biter."

I LOVED "Not Her Baby"! Cassandra Jamison draws us in with her lovable characters that you feel like you would be friends with in an instant. I thought the topic of this story was so interesting and would have been good as a drama itself exploring this teenage virgin pregnancy, but then it also grips you with suspense and terror at the heart pounding page turns that keep you up at night later than you planned because you just HAVE to read the next chapter. I can't wait to read her next book!

To say I liked this story would be an understatement. I was waiting for my auto repair guy to do his thing and then I paid him and went right back into the waiting room because I could not put this book down.

Wow, for an unknown author this book is GOOD. She has an excellent way of capturing the readers attention. I found it hard to put it down. Sure hope she writes more.

I enjoyed reading this. Aubrey's character is fun to follow, you never know what to expect with her.

Without giving away the plot, she's got so many things coming at her - it's hard to guess "who" is behind it all...which made the end really suspenseful. I couldn't put the book down.
