Synopsis

When friends become enemies, how hard do you hit? Someone is using a sound file that enslaves anyone who hears it. No one knows who's behind it, until old enemies arise. The Cloak and The Drone have joined forces to enslave Boston. Shaun Boding has enough problems on his hands trying to stay sane, but now the entire city is out to get him. When Shaun's partner is hypnotized and tries to murder him, the fight becomes personal. If he succeeds, he saves the people of Boston. If he fails, he loses his own powers, the Vestige, and his life. Is he ready to risk everything and become the hero the city needs him to be?

Customer Reviews

I liked the first book and this last. I was not too crazy about the second book but this one made up for that.
