Maryann Jurkofsky has lived in Savannah for 20 years. She is a licensed tour guide. The nostalgia and architectural beauty of the city continues to fascinate her.

My husband and I are 60-somethings and we wanted a simple guide to use at our leisure and this did fit the bill. We liked the simple directions for walking. We did stray from the plan a few times, which is expected. My only suggestion would be to include stops on the way for restroom opportunities, which is the main reason why we strayed! But, that gave us the perfect excuse to enjoy that wonderful coffee and muffin from a bakery we couldn't resist! Do Savannah on foot for at least part of your visit because there are so many little enjoyments that are missed when you take

the trolley or buggy. One resident invited us into their garden walkway to admire the beautiful blooms and plantings. Another time we chatted with two native born residents when we were taking a break under the shady gazebo at Johnson Square. We ended one of our walks with a cold draft beer at a locals' bar off the beaten track. What a treat! We learned a lot there as you can imagine!

Gave some good information and nice walking routes, also helped me plan for coffee and lunch stops - looking forward to my visit to Savannah in November.

Can get the same info for free at visitors center- but this is compact and easy to carry

Will give us a plan for our day tour of Savannah. Great information and good suggestions for our walking tour.

Great walking tour book. Enough information in the book to intrigue you to look further if you want. And for certain not a history lesson. The maps are spot on and very useful.

i am returning to savannah later this year so with this book i will find the places in savannah i missed on my previous visit.

Well be very handy in our travels.

Cheaper than booking a tour, and I can go at my own pace.
