Airbnb Guest's Guide To The Galaxy: The Essential Home-Sharing Handbook For Modern Day Travelers

Synopsis

The Essential Guide for Airbnb Guests! Are you curious about Airbnb but uncertain that home-sharing is right for you? Do you feel overwhelmed by the thought of screening listings and finding safe and comfortable lodging outside the hotel industry? Would you like to vastly improve your current Airbnb experience? This is the all-inclusive guide you need to determine whether Airbnb is right for you and to maximize the vast opportunities for fulfilling travel home-sharing provides. You'll find essential insider advice from Amy's expert perspective and learn how to make the most of Airbnb's unique offerings while taking excellent care of yourself in the process. From her "keep it real perspective," Amy shares her insight and hard-earned wisdom in colorful anecdotes about her own life-changing Airbnb adventure. Must-Read Content Includes:

- In-depth explanation of home-sharing culture
- Detailed Airbnb compatibility questionnaire that explains what home-sharing entails & helps you decide whether it's the best match for you
- Practical exercises to help you envision your ideal accommodations
- Foolproof screening techniques for finding listings & hosts ideally suited to your personal needs and style
- Actionable advice to help you stay organized AND relaxed throughout your reservation from pre-booking to writing reviews
- Glossary of important Airbnb terms
- FAQ
- Cool original artwork

Customer Reviews

As a frequent user of Airbnb, I found this easy-to-read guide extremely helpful! Even though I've booked through Airbnb many times, I've noticed that I have had several experiences of being disappointed because I didn't have a vision of what I wanted or didn't read the reviews carefully enough. This book gives extremely handy checklists and guides to help envision and become clear about what you're looking for in an Airbnb - and to make sure that you get that. It also provides many practical tips about how Airbnb works, which will save a lot of time - especially for newbies to Airbnb (but also for those of us who have used it). I've also thought about becoming a host, and I loved how the author shares her personal experiences and "do"s and "don't"s for both guests and hosts. I learned a lot from this useful guide, and I highly recommend it!

I have been intrigued with the concept of Airbnb for a long time and have enjoyed perusing the website looking at all the beautiful lodging opportunities. Some are quite stunning. However, I could never quite bring myself to book a stay and instead go to my comfort zone - the hotel room. I had resistance because I did not have enough information to match my comfort zone. That is no longer the case. I want to thank the author for writing such a holistic and informative book on the topic of Airbnb. I love that this book included so much info (training) for guests to make the most out of their stay. The author provides many resources that assist in ensuring you are ready to embark on the Airbnb train. I look forward to booking my first stay! Thanks, Ms. Lentricchia.

Cool book! I think this book is perfect for someone that's feeling uneasy about using airbnb while traveling. Personally I find hotels kinda pricey and impersonal and always wanted to look into airbnbs but I was scared to choose the wrong one. This guide helps with choosing the right place for your budget, style, personality and to really figure out what kind of experience you're looking to get out of your travels. It even brought up some options that i didnt even know i had a preference in which I know will definitely make my stays more enjoyable. Highly recommend!

Are you a student who likes to travel around during break, a trailblazer who like adventure, a modern girl who doesn't need a fixed home or just a busy geeky guy who has to move around a lot. Worry no more, this book got you covered!!!! I have to admit, I had little to no knowledge about renting places when I travel until I read this book. Imagine a quantum physics book that is written in kindergarten language, that is how this book is. It is really easy to read and useful information that can save you time, money and troubles!

I thoroughly enjoyed this book having been both a host and a guest through AirBnB myself. What I found most helpful was the author's personal experiences and what happened in those particular situations, unpredictable things, that the novice would never imagine, but after reading this book would make one more prepared. The author quite clearly discovered by trial and error how to attract the best people for her particular situation and how to make the experience of hosting guests a mutually satisfying one. BUT, by far the biggest reason I loved this book so much, was the underlying message that I received, which was the practical, progressive steps that she took to make it work, that in any particular situation in life, anybody could work hard at applying to bring the desired success.

I love a book full of useful information that is also a pleasure to read! Really enjoyed the way the book is laid out and how the author shares her wisdom in a warm, conversational way. Having never used Airbnb, I found the lists and tips really helpful, and appreciated the fact that it is not overwritten or dry. A very engaging introduction for those new to the Airbnb experience :)

As an avid reader and Airbnb traveler I loved this book. Fun to read. I couldn't stop. After reading I rethought my travel priorities. Amy is a guide worth following as we hit the road. Those new to Airbnb will come away with confidence. Those with experience will learn ways to make the journey more predictable and rewarding. Get reading. Get on the road.

I never thought much about my responsibilities as a Airbnb guest. Amy's book made me realize that there are many different kinds of hosts. Some of them do it for the money that's true, but many others are seeking something else. It is for you to find out what that is by establishing a dialog with your host starting with your profile and your very first message. Amy shares many personal experiences that really shows how AirBnB is different from the hotel experience.
