Significant Changes To The 2006 International Fire Code (Significant Changes To The International Fire Code)

Synopsis

Pinpoint innovative technologies and materials and the most current approaches to fire safety, life safety, and fire prevention! This "must-have" resource identifies the significant changes that occurred between the 2003 and 2006 Editions of the International Fire Code. Coverage focuses squarely on those provisions that have special significance, are utilized frequently, or have had a change on the Code's application. Not only does this approach assist users in identifying the specific Code changes that have occurred, it also aids readers in comparing the previous Code language to the new text, and most importantly, fosters an understanding of why the Code changed.

Book Information

Series: Significant Changes to the International Fire Code

Paperback: 304 pages

Publisher: Delmar Cengage Learning; 1 edition (April 25, 2007)

Language: English

ISBN-10: 1418053015

ISBN-13: 978-1418053017

Product Dimensions: 11 x 8.5 x 0.5 inches

Shipping Weight: 1.8 pounds

Jeffrey M. Shapiro, P.E., FSFPE is President of International Code Consultants, a consulting fire-
and life-safety engineering firm based in Austin, Texas, and is recognized as one of the
nation's leading fire code experts. Mr. Shapiro holds a Bachelor of Science degree in Fire
Protection Engineering from the University of Maryland, and he is a Registered Professional
Engineer. Mr. Shapiro is a fellow and past chapter president of the Society of Fire Protection
Engineers, and he is a member of the International Code Council, the National Fire Protection
Association, Tau Beta Pi National Engineering Honor Society and Salamander Fire Protection
Engineering Honor Society. In addition to these distinguished credentials, past accomplishments
also include: Chief executive of the International Fire Code Institute (IFCI); Creator and executive
editor of the IFCI Fire Code Journal magazine; Coordinator of the Uniform Fire Code for the
International Conference of Building Officials and the Western Fire Chiefs Association; Manager of
Fire- and Life-safety for Embassy Construction for the United States Department of State; Major
Fires Investigator for the United States Fire Administration; Assistant to the Fire Marshal for the City
of Fort Worth, Texas Fire Department. Mr. Shapiro is also a recognized author and has published

articles in nationally prominent magazines including Building Standards, Fire Code Journal, American Fire Journal, Fire Engineering and Fire Command. He is also a contributing author for the NFPA Fire Protection Handbook, and has also served as an editor and contributing editor to books such as the Hazardous Materials Classification Guide and the NFPA Automatic Sprinkler Systems Handbook
