# Cubs In A Tub: Short Vowel Adventures (BraveMouse Readers)

## Synopsis

From an award-winning author and illustrator comes a phonics book that focuses on short vowels. Gus and his little brother Russ are glum: their friends have sleds and they don't. What to do? Make one, of course! Gus and Russ set out on a snowy adventure featuring a faster than expected sled, jumps, bumps, lumps, and when they need her most Mum (and her delicious hot buttered muffins)! *Cubs in the Tub* incorporates many short vowel sound words in this heartwarming winter story.

## Customer Reviews

"Early readers will pore over the pictures enjoying each little detail. As an unusual approach to easy readers, with photos of real stuffed animals and their accessories, this is new and interesting series. VERDICT Parents and teachers can use these titles for reading as well as writing activities." — Susan Lissim, School Library Journal on Princess Pig

Impressive illustrations, there is always something to find within the pictures. All of the children I've read it to (or help read aloud) love the stories and characters. We all love how the textures seem so real - many children touch the book in disbelief. We went to Molly's website to see her process. It inspired people to come up with their own scenarios for characters they have around the house. This is a must-have on a preschool and elementary school shelf!

Absolutely love this author and series for my beginning reader. The illustrations/photos are adorable and the story is fun.
