I am in love with this activity book! I do Bible study and my 3.5 year old always wants to write in my bible study books like I do. I decided to give these a try and she is so excited and calls it her bible study. It reminds me of Highlights Jr only Bible based. The complaints on the other reviews seemed silly to me. This isn't meant to be instead of teaching your child the Bible, it is an aid and fun tool to use alongside teaching the stories from the Bible. There are sticker puzzles, spot the differences, counting, and other educational activities focused on Easter. I am pleased and plan on buying the rest of the Beginner's Bible activity books.

This is a most excellent do-all book for a little one who is learning about Easter. Stickers, coloring, and other activities invite little ones to easily learn the story of Easter. As with all Beginner's Bible materials, this book is very multicultural and also has plenty of bright colors within all scenes.

My two-year-old loved working through this book from her Easter basket this year. It prompted some good chats and discussions about Jesus and it kept her attention for a long time. I may get another copy for next year's basket since some of the activities were too advanced for her this year.

In a world that just celebrates bunnies.. this was nice to find!

3 year old really got into this and stickers are reusable so she can peel and stick again

This is a nice activity book. It kept my kids occupied during "big church" on Easter Sunday.

all 3 girls loved their Activity Books and enjoyed reviewing the message

My grandsons really loved this activity book of the resurrection story.
