Of course Jack Daniels would like you to believe that they invented the Hollow, but there are plenty of Hollows in Middle Tennessee.Did you know at one time Moore County, Lynchburg, was part of Lincoln County? Why do you think that the production of jack Daniels is by the Lincoln County Process? And if you go to downtown Birmingham close to the railway tracks that divide North and South Birmingham, there on the building is an old early 1900 mural - "Drink jack Daniel's, the

Lincoln County Whiskey"., We have plenty of hollows here in Lincoln County, Blankenship Hollow, Bugtussel Hollow, Gunter Hollow, Patton Hollow, Teal Hollow and of course my favorite, Bugger Hollow. The unique stories form the history of those who live or have lived in the Hollows vary greatly over time, but they are all good stories of people who lived a life when there are fewer distractions and a slower pace of life. Sometimes there were families that spent generations in the areas and other times they were only here for a blink of the eye. whatever the case, this book captures some of those blinks and the stories of them. They are not all backwards hillbilly's here, as we have high speed internet, work from home and buy most of our purchases on-line in the Hollow as well because and eBay have made the shipping fast and cheap. . And when your mind is clear, the air is clean, the night sky still allows you to clearly see the stars and the temperature changes just enough between day and night to add a little variety, then you can begin the true appreciation for Tennessee sipping whiskey. Jack Daniels is nice but up the Hollow from Lynchburg we have Prichard's Tennessee Sipping Whiskey, you can get the feel of being here and yet stay on your back porch with a small glass of it. When the sour mash is cooking here, take a deep breath and savor the moment. Yes, I am promoting this book as selling the simple but fulfilling life that many yearn for and can not envision because of the fast pace where they are at, stop and enjoy the pictures this book contains.
