Customer Reviews

I purchased LOCKIE after reading all of the existing Bittersweet Farm books! By that time I felt that I personally knew Lockie. As I read I heard Lockie opening up and explaining what had gone on in his past, after his horrifying accident. As a lifetime horse owner, I love Barbara Morgenroth's attention to detail in regard to the real world of horses. Thank you!

I really enjoyed this book and lived reading the story if how Lockie got to Bittersweet Farm. Well written as always a must read if you are a fan if the series

This short story fills in some of the details of a very important character in the Bittersweet Farm

series. I've often wondered about the story behind Lockie, and this is a great way to get background on him. But...I WANT MORE! More detail, from Lockie's perspective, would make my day. I can't wait for the next installment, short or long.

If you have ever wondered how Lockie really found his way to Bittersweet Farm, or what happened to him right after his accident.....well here is your chance. A wonderfully written short story told from Lockie's point of view in journal format.

I ALWAYS enjoy Barbara's books. This no less than all the others but they are always too short. LOL I just want to go on and on with the characters . They are just like having an extended family . Only four stars just because it is more of a background piece but you definitely do get to know about Lockie who is a favorite male in the series.

Great short to fill in the details and timeline for Lockie's story. This entire series is a wonderful reading experience. This 74 year old reader can't wait for the next book. I just want Ms. Morgenroth to write faster-I'd hate to leave here before I can read them all.

A concise, no frills story leading up to Lockie's job at Bittersweet Farm. My only complaint was it was much too short! Looking forward to more from Lockie's perspective.

I really enjoyed this. Well written, got me emotionally. I've enjoyed the series, this was nice background. Made me want to read the whole series again from the start.
