not bad for beginners.

brought this for my daughter to practice the flute for first year would of been a five star but had a lot of writing in it Great for beginners

The "Essential Elements : A Comprehensive Band Method - Book 1" is a great book for a young person who is learning an instrument for the first time. There is a fingering chart in the back of the book to make looking up fingerings quick and easy. The book starts off very basic with the parts of the instrument. The easiest notes to play and finger are presented first with exercises to practice them. Hal Leonard also offered other books (though I haven't found them on) that correlate with some of the skills in this book. They are: Essential Elements Movie Favorites Essential Elements Broadway Favorites Essential Elements Patriotic Favorites Practice makes PERMANENT, not

PERFECT.

book is a good beginners guide for my 10 year old. recommand for all starting music lessons.
