# The Illustrated Art Of Manliness: The Essential How-To Guide: Survival &#149; Chivalry &#149; Self-Defense &#149; Style &#149; Car Repair &#149; And More!

## Synopsis

An indispensable, hands-on guide dedicated to the lost art of being a man, *The Illustrated Art of Manliness* distills more than 100 practical skills every modern man needs to know into an entertaining, easy-to-follow visual format. Founder of *The Art of Manliness* Brett McKay and bestselling illustrator Ted Slampyak write brilliantly illustrated articles to help men be the best fathers, brothers, sons, and men they can be. This book features their most essential work alongside dozens of never-before seen guides on subjects ranging from chivalry and self-defense to courage and car repair, including: How to disarm an attacker How to fell a tree and start a fire anywhere How a car engine works, and how to fix it How to use every tool in your toolbox What to wear on a first date and to a job interview How to lead a meeting and command the attention of a room How to dance, fight, shave, shake a hand, pick a lock, and fire a gun And other advice for when you're lost, in danger, or merely confronting a shirt that needs to be ironed. *The Illustrated Art of Manliness* features a classic, timeless package, including full-color illustrations, and will be a perfect gift for you or the man in your life.

Brett McKay is the founder of *The Art of Manliness*, the internet's #1 independent men's lifestyle

side. Ted Slampyak is the New York Times bestselling illustrator of 100 Deadly Skills.

Been following the podcast for a while and it's always packed with great advice for men. While browsing titles sometimes I'd find something amusing or interesting that never even occurred to me and I'd listen in while sitting in terrible Hawaii traffic. This book is the cornerstone behind the spirit of the podcast. It has everything "men" should know; women too since I'm going to share this with my daughter when she gets older. Even better it has pictures, tons of pictures. This isn't your middle-school encyclopedia, it's actually fun to read, try and use in the practical sense. When my daughter gets to the age where she has to start wrapping her schoolbooks, she's going to wrap this for me too so we can use it in the garage, out camping and anywhere. If I'm stranded on an island, the one thing I would bring would be this book.

When I first read the Art of Manliness it was a joy to read and I went through it quickly and read it again latter. It was a book that I was waiting for and I think many others felt the same so the book filled a real void. Basically Brett and his wife Kay have dedicated themselves to a project to make men better morally, spiritually, be better citizens and human beings. It focuses on men because we have certain issues that differ from woman but nothing has been written about woman that has not been respectful and complimentary. This book is a lot of fun and has some very useful information. Ted Slampyak's illustrations are perfect for the book and add a lot. Its a book I pick up from time to time to learn a new skill. Its the perfect size for the coffee table and very handsome and well done.

This book will help you learn things that you didn't know and should know! This is a book not only for men but for anyone who wants to learn about the skills needed in everyday life without computers. It is illustrated fantastic! I love how it reminds me of the cartoons of the 50's. But it is an easy guide to go through, look for what ou want and learn about it. I'd recommend it to any and all folks!

Art of Manliness delivers once again.

What a great book. I bought it for my dad on fathers day as a thank you for helping me be the man I am today. When I received it I started reading it with my wife. we both loved the illustrations and the topics were spot on. I cant wait to get my dad's reaction to it. I am sure he will love it as much as I did. Brett McKay continues to impress.

Art of Manliness truly outdid themselves with this book. While camping in Virginia at a family reunion I brought my copy of The Illustrated Art of Manliness and it proved to be the highlight of the trip. My cousins (ages 9 - 16), brother (23), and uncle (like 45) were all borrowing the book from me constantly trying to flip through it looking for good ways to make the most of their time in the woods. I think I may have to purchase this book again as gifts once Christmas time comes around.

Great Book, Illustrations are very simple but content is very rich. Definitely recommended and a great way for Father/Son time at the local coffee shop.

I love the Art of Manliness website, and really enjoy the book. The graphics make you feel as though you've stumbled on a vintage guide to being a Renaissance man. Fun stuff, and makes a great gift for the young men you know.
