Customer Reviews

Used this for our honeymoon to both islands, in conjunction with NZ Frenzy. Found the maps helpful and there were decent details about landmarks. Wish they had more info on hikes and interesting sights.

I found this book almost useless as I traveled through both islands. Really disappointed. Aimed at those who are interested in "doing" the standard tourist traps. There is so much more to New Zealand than is even hinted at in this book.

It was a gift, but I flipped through it and it seemed very informative.

Great service!

good but over priced

Got a couple books on NZ recently and really enjoying looking through this one planing our trip.

A very good book with a lot map and details.

Easy to use and very informative.
