## Customer Reviews

Trustful Surrender to Divine Providence: The Secret of Peace and Happiness was written by Father Jean Baptiste Saint-Jure, S.J., and St. Claude de la Colombiere, S.J. This particular volume was culled from Father Saint-Jure's great work entitled The Knowledge and Love of Our Lord Jesus Christ, to which was added a further extract from St. de la Colombiere's writings. It was originally published in 1961 by Alba House and subsequently reissued by St. Raphael Editions in 1978, 1980, and (in cooperation with TAN) 1983. It received the Nihil Obstat and Imprimatur upon release.

I've read this book many time. It's excellent. I buy copies to give to people who are either experiencing difficulties in their lives or are having trouble making an important decision. But you don't have to be in difficult times to appreciate the wisdom in this book.

Truly excellent. First class. In practice what they are proposing is very difficult but in my opinion truly essential to Christian discipleship. I have bought several of these and given them to fellow parishioners. Don't be taken in by the size of the book either, it's very dense and requires slow and prayerful reading.

I bought this book after reading another reader high review. The person claimed the book had changed their life. I am happy to say, this book changed my life as well. I have a newfound sense of peace and have changed the way I view almost everything. I have since bought copies of the book, for anyone I know who wishes to find true happiness.

This is an amazing book! It is basically two books in one written by authors from the 17 century!! The authors discuss questions of faith and brings one to an understanding of how and why God is intimately involved in our lives. This book is worth the read whether you agree with their perspective or not.

This small little book is a must for one on the path of holiness and spiritual progress. It is a powerhouse of wisdom. It is most difficult to live out! This book will give one, the truest and only way to peace and happiness while here on earth. Many of the saints used this gem of a book daily. Love, love this precious book.

I learned a lot from this small book. Opened my eyes to surrender my will to God.

This is one of the best books I've read on working through difficult life situations. It really does contain the secret to peace and happiness! If you find the first part hard to understand ....read the second part first. I've read this book so far twice in my life....especially helpful through life crisis. It may be small in size certainly large in quality of information and message! Don't miss this read!

Deep, thought provoking, poignant, sober, moving! I've read chapters in this book over and over

depending on what I'm going through. It's amazing to me that reading something from the 1600's proved to show me that the human condition spans the ages. Nothing I experience now is new. I love being able to read and relate to social, relational, theological, and spiritual issues that were present over 300 years ago.
