Weights On The BOSU® Balance Trainer: Strengthen And Tone All Your Muscles With Unstable Workouts

Synopsis

TAKE YOUR WORKOUT TO THE NEXT LEVELPairing weights with the BOSU® Balance Trainer™'s unique unstable platform is the ideal way to get in shape, burn fat and develop powerful, lean muscles. The lifting builds and sculpts primary muscles, while the balancing tones secondary and supporting muscles for maximum results. This book's unique program draws on the unbeatable combination to super-charge your workout with highly effective exercises:Â¢ FLYS while lying on the dome to target your chest and shred your core Â¢ CURLS while balancing on the flat side to build biceps and tone your legsÂ¢ Deep-knee SQUATS with an overhead bpress to work every muscle groupPacked with dozens of fully illustrated, easy-to-follow exercises, as well as day-by-day workout programs for beginners, weekend warriors and elite athletes, Weights on the BOSU® Balance Trainer is the ultimate guide to quickly transforming your body.

Exercising in the Bosu adds a new dimension to weight training, because this prop creates an instability factor to the body, which to be compensated, needs to engage the entire body in this effort. I liked the clarity and the creativity of the exercises in this book, albeit I would have wished that the images were bigger as well as colorful, as they would be easier and prettier to see, as well as to look at. And this is the sole reason why I only rated it 4 stars., because it lacked the esthetic appeal, which I think it is very important for visual motivation in anything. However, that does not detract from the substance of this book, which I do highly recommend, for a twist and a notch above addition, to a well established weight training routine.

Expected more. I was disappointed

As someone who has owned a BOSU for years this book provided a ton of new exercise ideas...love it!

Item in good condition.

This book is great and I love to give to some of the other personal trainers, I work with at the gym.

Good workout book on the Bosu
