This book is a great book for flute players looking to develop stronger lip flexibility, smoothness and evenness in all registers, and better technique.

Perfect for music majors! I'm doing one of these etudes for a jury in December! Very challenging for the intermediate to advanced! ÆfÂ Ã Å Ã ÆœÃ â

Challenging and interesting. I have a student who is interested in ornaments on flute. This volume has several different etudes (so far) that fit the bill.

These Exercises are perfect for intermediate flute players. They can develop a lot by mastering these pieces. I do recommend it (as a 20 Years flutist) as a top reference to keep you in shape for flute playing.

I love this book, it is great for strengthening your technique and being able to play faster.

good

Not overly daunting for the intermediate flutist, and very good for development of playing in general. Very melodious and fun to play -- I almost feel I could perform them! They gradually get harder as you progress through the book.

Wonderful for the Flute!
