Customer Reviews

Great book into the early development of Jordan. Will be great copy to have autographed and shelved for comparison when Jordan's career is finished, whenever that is.

Simplistic, juvenile, and very brief. Learned a few things about Jordan Spieth that I probably could have found online.

This is a good book about a remarkable young golfer who has his priorities in line. He will serve as a great role model for future golfers.

Great book about Jordan. Could have put in a few more details. I recommend this book for people who want to know more about Jordan's early life.
