Miracle Girl

Synopsis

"That first night wasn't easy. I thought we'd all be relieved to have mum back, and we were, but it wasn't the mum we remembered. She'd changed so much, not just to look at, but in the way she spoke, the way she moved, and inside her, what made her our mum." Rachel's cancer-stricken mother calls her Miracle Girl because so much rests on her young shoulders. But how do you keep calm at the centre of an emotional storm or in control of a world that's fast falling apart? This is Rachel's answer, with strength, compassion, humour and love. Suitable for ages 13 and over. For more information see www.hawkwoodbooks.co.uk

Customer Reviews

I am on the last couple of chapters of 'Miracle Girl'. The story is beyond lovely, the characters in the book are so real and true to life. I love the way 'Miracle Girl' grips you, making it very difficult to put down, but not in the ordinary way, what I'm trying to say is it doesn't seem like a thriller or a book you have to find out what the end is so you can detach yourself from it, although i guess it is like that in a way because you are holding your breath all the way through wondering if what appears the evident, her mothers death, will or will not happen. Comparing it to other books yours has such an original voice. So interesting and unaffected, so thoughtful. -- R.W-B, Devon UK. Emailed review from 19 year old reader.

Miracle Girl was about Rachel and her family, trying to come to terms with the serious illness her mother is facing. I wasn't sure how much I was going to enjoy it, since the plot tackled things a little too close to home for me, but provided you have the tissues on hand, this book is an incredible story. The book was written from the perspective of Rachel and she was a great character. She gave a refreshing outlook on the heart-breaking life she was living and although this book was a tear-jerker, the love and humour and caring nature Rachel brought to Miracle Girl made it much easier to read. The plot was touching and accurately written from someone who seems to have real knowledge of the illness handled. I found it relatable throughout. I loved Rachel and how brave she was, and her relationship with her mum was a real stand-out in this book for me. In their conversations, you grew to learn about both of their lives and they were strong, admirable characters. Baz was also an uplifting character. He was just too sweet and really made me smile. Along with Rachel's dad, nan and grandad, they weren't a perfect family but that just made it more believable and interesting to read. Miracle Girl was a fantastic poignant book. It was a sad story but with added humour and some great characters. Maybe it wouldn't have the same appeal to someone who hasn't been through similar situations Rachel faced, but I have, and I found this book faultless. 5/5. *Book gifted for honest review.
