Customer Reviews

I always thought that drawing is a talent you can never get just by reading a book, but I think that belief is about to change! This is a great book for beginners like me who wants to learn how to draw! The tips for coloring are great. The book is simple but well written

Examples and explanation of concepts simplistic and quite frankly not very good. I would not recommend this for anyone learning to draw comics, or in general.

Perfect illustrations on how to help me draw like an expert! I enjoyed following every steps mentioned in this book. Very basics and Simple guide!
