Customer Reviews

I liked the insights into the "real" Eminem. The person. He is a genius and even a book purportedly about his dark side comes off as a positive. Long live Em!

Amazing read!!!! Understand everything about his music now and the time line of his albums!! Wow what a great book!!

We all have them, sometimes they win, sometimes we do. Even people who seem to have everything are still products of their dysfunctional past. Enjoyed the book, love the man and his music.

This book was an amazing read and I learned many things that I hadn't before. I fully recommend it to any Eminem fan.

Very interesting. Had a hard time putting it down.

This book retells the story of Eminem's life and perfectly shows the intensity and impact of the rap god. It is a truly inspiring tale told by someone who was well informed of Marshall Mathers' life. I would recommend this book to everyone, especially fans of Eminem.

Good story

I got this for my friend for Christmas and she loves it, really goes deep into Eminem's history and life.
