Customer Reviews

The book is excellent but this is the second one that I ordered because the Audio CDs were missing. You need the Audio in order to fully appreciate and learn the language.

This is a must-have for those who are wanting to French for the first time. This foreign language kit is so easy to understand, plus it has a cd included that helps you pronounce those beautiful words of that language. This kit is a series that includes most of the other popular languages in the world such as German, Italian, Spanish and Japanese. Very easy to understand and read.

I've had success with the Living Language Mandarin Chinese program, so when I decided to learn French, LL was the name I searched for. It didn't disappoint. I'm getting the basics down very quickly, and when I'm done with this Beginner course, I'm going to move on to the LL complete set. Recommended for anyone who knows no French who wants to build a solid foundation of the basics.

No Cds included with order. Highly disappointing.

Good book - meets my expectations!

Bought t this as it was less expensive than other French CD's. And wanted a quick brush up for for my coming short trip to France. More like a school study version...If you want to say "My house is big and there is a grandfather clock in the living room." in French, this is for you....Wish I'd made a different purchase.

Awesome! It is exactly what I wanted. And in great condition.

This is a good book to learn just the basic. It's serves the purpose.
