Customer Reviews

"This is the most accessible book I have worked with as a teacher or a student. My students used every flow-chart, graph, chart and supplemental article. We found the Skills Handbook very useful and user-friendly. The students loved the book, they could carry it around without breaking their backs! The book didn't talk down to them or go above their heads--"they felt very good about reading it"

We're so looking forward to digging into this book. I'm homeschooling my 11th grade son. I know this book will hold his interest and get right to the point.

Awful text, dry. Even a talented teacher would have trouble making this layout come alive

Thanks so much!!! now I have more time to study!!

Excellent

Excellent price! Excellent book condition!

Nice book, fast shipping, Thank you.

A little beat up around the edges, but pages are completely fine

Great product!
