Storm (Ashes & Embers Book 1)

Synopsis

The calm before the storm. I lived in the quiet stillness. I felt the wind rustle, warning me, telling me to get out of its path. But I didn't. I never stood a chance. A series of weather and road mishaps leaves me trapped in the middle of a blizzard with a complete stranger. In the back of a pickup truck. For forty-eight freakin' hours. A stranger with long hair, tattoos, and rippling with muscle. A stranger with an insanely sexy voice and a wicked smile that turned my insides to jelly. A stranger who held me in his arms, calmed me, and then set a fire in me that I couldn't put out. Storm lives up to his name. Beautiful. Dangerously inviting. Tumultuous. Dark. A clash of hot and cold. He's used to getting everything he wants. And now he wants me. Some people chase storms for the beautiful thrill. What happens when the storm chases you? ***Warning. This is an adult romance book and is not intended for anyone under the age of 18. It contains graphic sex scenes and explicit language.*** Vandal - Book 2 in the Ashes & Embers series is available now!

Customer Reviews

The first book in the Ashes & Embers series. This is the story of Storm and Evelyn. They meet in a

snow storm, both trapped in the car for 2 days. The attraction is there but Evie is in a long relationship with her boyfriend and refuses to act on it. Storm is the lead guitarist of the band but shy Evie does not know how famous he is. They become good friends where Storm steps up and cares for Evie when the boyfriend does not. This is a sweet , but loving romance where Evie and Storm fall in love as two people for the first time. Evie finally overcomes her insecurities and realizes her boyfriend doesn't love her as she should be loved. She finally takes that leap with Storm. Ms Cole's writing is incredible. We fall in love with her characters and want to see them happy with each other. Storm is perfect for Evie and their love for each other fierce. Another 10 star read by Carian Cole

Storm is a rock star in hiding. But before he can commence with his plans he comes across Evelyn, aka his "Evie", in a real storm of snow. Right away Ms. Carian Cole gives us readers a sweet-hot romance with a few twists and turns. We get to know these two almost intimately with this story line. We find out Storm has a past that still haunts him and Evie is locked into a 12 yr relationship she's having trouble with, now that Storm has turned her world topsy-turvy. These two find true love in the mist of life's chaos. And make sure you catch their love for Niko and Halo. It makes this one that much sweeter to read.

To say I loved Storm and Evie is an understatement!!! These two were hot!!! I know Evie got on people nerves but I understood her!!! She has some issues and I was upset that she took so long to get out of the relationship with Michael. Now Michael, that douchbag!!! Storm, I loved This man. He was sweet, determined and in love and freaking showed it!!! This is how you write a male lead!!! I wanted to jump in the book and I didn't want it to end!! I hated that we didn't get an epilogue but she said it's coming and I hope it's a good one. Onto Vandal's book next which I know will be heartbreaking.

I've just finished reading this entire series and ladies hold on to your hearts and panties cause your going to love it! Each story is filled with such hot sexy alpha males and their loving women. Yes there is some tragedy and sadness but you will love how strong the family ties are that help all pull together. Every book is so unique in its own story that you can't help fall in love with them all! Remember when you finish this series go on to the next take of from this series Torn (Devil's Wolves MC) you won't regret it just as hot as this series!

Words cannot adequately express just how much I loved this story! The scenario of two people

trapped somewhere together during a blizzard or a storm is one of my favorite tropes and what originally drew me to Storm, but the author's exceptional, and I do mean exceptional, writing skills kept me hooked from beginning to end! After having read just the first few pages, I really didn't like Evelyn very much. That whole histrionic personality just really annoys the crap out of me but as the author expertly added depth and dimension to her character, Evelyn really grew on me. And Storm? My love for that man knows no bounds! While on her way to deliver a marketing pitch to some corporate bigwigs at a convention of sorts, Evelyn gets lost somewhere on a mountain road as the snow continues to pile up all around her. When she reaches for her phone to call her boyfriend to come and get her, her attention is diverted and she loses control of her car, skidding off the road. Fighting panic, she is still trying to decide what to do next when a knock on the driver's side window startles her. Although terrified, Evelyn has no choice but to accept a helping hand from this mysterious stranger who should not be out here in the middle of nowhere on a night like this. Even more terrified of the massive dog that greets her as soon as her rescuer tries to help her into his pick-up, Evelyn panics again, convinced that she will not survive the night. Indeed, they barely get a mile further up the road when a deer runs right out in front of the truck causing Storm to swerve out of the way. They skid off the road and the truck crashes into some trees. Lucky to be alive but trapped in the truck together, they have only a dog-hair covered blanket and each other to keep warm. Luckily Storm had stopped at the grocery store on his way home so they had both food and water. Sparks fly in more ways than one as this enforced proximity allows these two to get to know each other. Evelyn has no idea that this strange-looking yet handsome man is the lead guitarist for the rock band Ashes and Embers and Storm chooses not to enlighten her, enjoying the novelty of spending time with someone that doesn't want to be with him just because of who he is. She doesn't learn the truth of his identity until they're both back home, safe and sound. Despite the fact that they come from two very different worlds, she is unable to deny that they shared a deep connection during their time together, a connection that Storm makes clear he has no intention of severing. As the attraction between them continues to grow, Evelyn is faced with some hard choices. Her twelve year relationship with her high school boyfriend has grown stagnant and loveless but it would be totally irresponsible of her to throw all of that away to take a chance on love with a hot rock star that can have any woman he wants...and has. Repeatedly. I loved the witty, sarcastic banter between these two as well as the genuine texture of the dialogue and the character's thoughts. Rich and detailed description of the setting and the characters made this a pleasure to read, and the "raw, real and honest" dimension to all of the characters and their individual situations really tugged at my heartstrings. The intimate scenes were hot and sensual. To say that this author has true talent and

a way with words is an understatement at best. I cannot wait to read more from this series and this author! Highly recommended read!

OMG OMG OMG this was so AWESOME and BEAUTIFUL, I LOVED IT SOSOSO MUCH!!!! ^_^
This book was extremely sweet and cute, funny and with just the right amount of naughty, it was awesome and I loved it! I could NOT put it down, I kept turning the page to see what will happen next and I was wishing at the same time for it to never end. This was one of the most PERFECT and BREATHTAKING book that I ever read and now I would surely die if I won't get my hands on the other books from this series! Sigh, I want my own Storm. ^_^
