Harper's Encyclopedia Of Bible Life

Synopsis

Here is the ultimate resource on the day to day life of the people who inhabit the pages of the Bible:Â priests and sailors, musicians and mourners, scribes and craftsmen.Â A major reference of its kind, this book has been completely revised and updated to incorporate recent archaeological and historical data.Â This indispensable volume contains 74 subjects in 14 sections, 150 illustrations, completely up-to-date bibliography, scriptural index, charts, maps, diagrams and a general index.Â The latest findings shed light on agriculture, animals, apparel, nutrition, crafts, business and trade, city life, flowers and plants, homes, music, professions and more. This book is in non-technical language.Â It is meant to be of help to the layman rather than the scholar. The Encyclopedia of Bible Life will prove to be informative, stimulating, and useful.Â

Customer Reviews

Harper's Encyclopedia of Bible Life is a casual yet informative guide to the people and places of biblical times. Completely revised from its original publication in 1944, the book is written for the layperson rather than clerics. It's a handy companion for students--or for anyone curious about the customs, languages, and social structures of the time. The authors, Madeleine S. and J. Lane Miller, are concerned with the very ordinariness of the era--exploring how people lived, the occupations they toiled at, and the kinds of homes they resided in. As with any record of this period, the information is derived from both subjective and objective sources, including archaeological evidence, historical manuscripts, and stories and narratives passed down through the generations.

The book is split into three distinct sections: "The World of the Bible" looks at the New and Old Testaments; "How the People of the Bible Lived" investigates day-to-day living; and "How the People of the Bible Worked" traces livelihoods--from craftsmen to soldiers, and even prostitutes. With over 150 illustrations and information on 74 biblical subjects, Harper's Encyclopedia of Bible Life is a mighty read.

The late Madeleine S. and J. Lane Miller are widely recognized for their contributions to biblical scholarship, including the classic Harper's Bible Dictionary.

Rec'd exactly as described. Will be happy to order from again.

I am enjoying reading this book and the pictures are helpful also. It is interesting to see how people lived back in Bible times. I don't have a lot of free time so I like to pick it up and read at least a few pages at a time. I do think I would have liked the paperback better but this one was a good buy.
Denise Massey

This is a very well written book on the life of the people who we read about in the Bible. It can be a little dry at times reading about very detailed life in ancient times and how they struggled but overall a very good reference for your library. The photos are in black and white.

Awesome A +++

This book is very informative and worth the buy. It was in excellent condition when I received it, and I am very thankful. I will recommend this book and this site for purchasing more material.

If you're a sheep, trusting to the mutton meal, don't get this. If, however, you want to know a little more about some of your religion's heroes and hero wannabes, use it for a good reference ...sammy

This Harper's Encyclopedia of Bible Life is very useful for understanding the life style at Old Testament. Read this book!

Not the quality nor content I was hoping for.
