I read this and it completely turned everything I believe about religion on its head. If you are at all religious, you should read this book.' Francis Rossi of Status Quo, Metro

Neale Donald Walsch lives with his wife, Nancy, in southern Oregon. Together they have formed ReCreation, a non-profit foundation for personal growth and spiritual understanding with the goal of giving people back to themselves. Walsch lectures and hosts workshops around the world to support and spread the messages contained in Conversations with God..

Threatening and scary I have to ask myself over and over again how could we be so narrow minded and accept without questioning our beliefs? what he says is not unbiblical he presents biblical ideas in a new wider light not discounting the beliefs of other faiths as well which I like .After all we will

never know all the truth just as we will never know God fully, the finite cannot perceive the Infinite. I loved all 3 books read twice and they bear reading again and again.

I wish all the leaders in the world would read these books and apply the Universal Truths. Just imagine... Thank you Neale, for being the messenger. Your conversation resonates so deeply with my soul and touched me profoundly. I use every opportunity I can to encourage people to read the series. It is a must if we want to live the life we were here to experience. I will keep going back to re-read all three books during my lifetime.

You have to read it to get the message. But as one person wrote, "I finally found a God I can love." can't argue with that. A unique series of books, definitely worth reading, no matter what your religious belief.

Another excellent book by Neal Donald Walsch!

I've ordered the rest of the books and have had my whole perspective on God and life completely change. Very liberating and the quality was as the seller said. Thank you DailyDeals!

I purchased this book used, however it was in very good shape considering it was first released in 1994. I am enjoying reading conversations with God. It has changed my life. I also recommend books 1 and 2.

I got into the Conversations With God books for a while. It's a lot like The Secret, but still good. I enjoy reading them, and have actually read them more than once.

I rated this conversation with God very highly as it spoke to my very core beliefs. Awakened within me Truths i had forgotten.Filled me with so much Joy, Love and gratitude. What peace now surrounds my Soul. Thank you Thank you.Gary Davis
