Tell Me About Heaven

Synopsis

Ten-year-old Jake struggles to understand his grandma's death. But as he spends two weeks at his grandfather's home, he is able to receive answers to his questions about Heaven. As Jake and Grandpa fish, watch the stars, and take long walks, Grandpa shares what the Bible says about the reality and beauty of Heaven. As Jake learns the truth about Heaven, he begins to better understand and accept his grandmother's death. As readers uncover the truths in the dialogue between Grandpa and Jake, they will better appreciate the home that awaits all who place their faith in Christ.

Customer Reviews

Randy Alcorn (MA, Multnomah University) is the founder and director of Eternal Perspective Ministries and a New York Times best-selling author of over fifty books. His books have sold over nine million copies and been translated into nearly seventy languages. Alcorn resides in Gresham, Oregon, with his wife, Nanci. They have two married daughters and five grandsons. Ron DiCianni is the founder of MasterPeace Collection as well as owner of Art2See. He has been an illustrator for thirty years. After receiving recognition from a number of companies, DiCianni decided to dedicate his artistic talents to spreading the gospel. He is illustrator of *This Present Darkness* and *Piercing the Darkness*.

My youngest son Christian passed away almost 8 months ago in a drowning accident. He was 2

months shy of his 4th birthday. There are many children's books on the market dealing with death-- none of which I would consider reading with my boys (7.5 and 9.5yo). They would either be scary, too mystic, or say inaccurate things like "when we die we turn into stars in the sky." This book, however, is different. We read one chapter a night together before bed. I am thankful not only for the use of Scripture in this book, but the illustrations and the gentle but straightforward story of a boy and his grandpa talking about the death of the boy's grandmother. After each chapter, my boys would ask me to read more. :) I stuck with only one chapter a night so we could just talk about our memories of their little brother-- the fun times, the silliness, his antics and just **HOW MUCH WE MISS HIM**. I am so thankful that God gives us the grace to still laugh-- even when we're crying, even when we hurt so deeply! We would end the night by praying together and thanking God for giving us time with Christian and how, through the shed blood of Jesus Christ, we will spend eternity all together.. forever.. never to be separated again. If you know anyone that is grieving the death of a friend or family member, this book is excellent not only for children but for adults as well. I highly recommend this book and reading it together as a family! Thank you, Mr. Alcorn, for writing this book. A missionary friend also sent me your book "Safely Home" that ministered greatly to me. I have been a Christian for over 20 years (praise the Lord!) and I always knew what the Bible says about Heaven.. but your books have made it that much more **REAL** to me and has encouraged me to look further in the Bible and look **FORWARD** in my life (no matter how much my flesh just wants to stand still and feel sorry for myself).

This book is so well written. I was looking for a book to help explain the questions my 5 year old was asking me. Two of his great-grandfathers passed away last year, so it caused a lot of thinking for him & wondering. I was unsure when I first purchased this book if it would be too old for him, but I'm so glad I got it. It doesn't have a whole lot of pictures, as books for 5 year olds do. However, the story line was captivating. It reads more like a chapter book. We'd read a page or 2 each night, and he loved it. Normally, he's ready to move on to the next thing that's caught his attention, but this kept him very interested. Even I learned things & had questions answered by reading this book! The author is great, no make that fantastic about referencing Bible verses to back up what is being discussed. It's amazing to me how much my son absorbed from this too. I wondered if he was really "getting it" when I read it to him, or if he just thought it was a story about a boy who lost his grandmother. But he's brought up things from the book many times since purchasing this months ago.

We read this to my kids, a couple pages at a time, as it has a lot of words per page. We love the concise description of heaven, how deep it goes, & how it answers so many questions that children have about where we go if we love Jesus. It's all told in a story about a boy visiting his grandpa, so it is very conversational. This book is the children's version of Heaven. I am reading "50 Days of Heaven" by Alcorn, and I appreciate that "Tell Me about Heaven" is not "dumbed down" version. This was bought to help my children process the sudden and catastrophic death of my son & their older brother. The pain is excruciating, but we know where their older brother is, and while we hurt, we can be joyful for how he is living now. I am so grateful to have this book as a resource during this time, and in the years to come.

fun book to read to the little ones. Gives them something to look forward to.

Excellent books. Really brought a family closer together that is struggling with grief and loss. 5 stars

This is such a fantastic book. It really helped my daughter feel better about death. She's been having a hard time since her grandmother passed away a couple years ago.

Ever since we had a death in our family my son has been asking many questions about heaven. This was a great book helping him understand what heaven is and honestly it also helped me.

Love this book as it was a Christmas gift for my children! They are adults now, but I have always gotten them a book at Christmas and Randy Alcorn is an awesome author! Thank you!
