Synopsis

This two-book bundle includes Learning Languages and Learn Spanish. Learning Languages Do you need to learn a language? This is the place to do it, no questions asked. This book uses a combination of orthodox immersion methods in order to make you go in one end a complete newbie to a language and come out the other a fluent speaker. It won't be any shortage of work on your part, but this book is going to set you up with all the tools that it possibly can so that you can be a fantastic speaker of a second language in as short of a time as a few months. Through encouragement, motivation, rational observation, and careful breaking down of key concepts into malleable bite-sized chunks, this book makes learning language easier than it's ever been before. Learn Spanish Let's face it: the language market is changing. English has been the lingua franca for a while now, but it's not going to always be that way. It's projected that Chinese or Spanish might take over the English language as the lingua franca in the next century. So it makes sense that you're searching this book: Spanish is an in-demand language to know. By knowing Spanish, you're opening the door to communication with hundreds of millions of more people than you could speak with before. This makes you a desirable asset to a great number of companies and makes you an all around more well-rounded person.

Customer Reviews

This short book is an easy read, and Wayne Chung clearly lays out some great advice and ideas for learning the language. The format is easy to read and informative without being overwhelming. This would be great for someone who really wants to learn another language, but doesn't know where to start. I sincerely enjoyed this book, and will be coming back to this book again as I work to advance

my knowledge of Spanish.

Impressive! Unlike the courses you took in high school, this book teaches you the structure of the language and a creative memory framework that allows you to adapt & build your fluency as time goes on. I highly recommend the book & the course! It is a must read for those getting started and also for experienced speakers to help fill in the holes you may have missed learning Spanish from the classroom. This is really worth recommending!

I am fond of learning different kind of things especially languages. That's why i bought this book so i could learn how to speak Spanish. This has a good methods that the author made so that we could follow and learn quickly. Learning foreign language were pretty hard but if you motivate, encourage yourself and you put what you learned in to practice you will surely learn as fast as you cant imagine. Fantastic read!

Spanish, also called Castilian, is a Romance language that originated in the Castile region of Spain, with hundreds of millions of native speakers around the world.I'm interested in give a try to learn this language as it is the most 2nd famous language in the world. Great guide book for beginners. And nice cover. Worth read. Useful book.

Just getting started with lesson set but it seems like it is exactly what I need to learn Spanish.Very well organized and well written

This book is very beneficial for everyone who wants to learn all languages in an enjoyable and uncomplicated way.I thought learning process is never ended. this book is very good for beginners.I have learned much useful information from this book.Very well written and easy to understand.
