Synopsis

A multi-purpose Bible study resource tool. All the essentials you need to study the biblical text without having to know Hebrew or Greek. Provides definition, explanation, and concordance entries. Dr. James Strong, formerly professor of exegetical theology at Drew Theological Seminary, spent more than thirty-five years preparing his landmark concordance. First published in 1890 with the help of more than one hundred colleagues, Strong's remains the definitive concordance compiled on the King James Version of the Bible. W. E. Vine, M.A. (1873-1949) was a classical scholar, skilled expositor, and a trustworthy theologian. Recognized internationally for his outstanding Greek scholarship, his Expository Dictionary of New Testament Words, first published in 1939, represents the fruit of his lifetime labors and is an unsurpassed classic in its field.

Dr. James Strong (1822-1894) was formerly president of Troy University and professor of exegetical theology at Drew Theological Seminary.

I learned early in my Bible studies that this Concordance was the book I need to find the scriptures I needed the Vines portion because helped me to understand. So I gave it to a friend who is starting to study the scriptures, and she loves it also.

Not what I expected, but that's not the books fault!! I had thought it would say "How to study the

Bible" but what it is are many, many, many, many.....words!! Did I say "many words?".....BUT, I just got it, so may find it a valuable tool in getting closer to the Lord, which is what I want!! I will say, however, that for such a HUGE book, it is very lightweight! Not sure why that is, but maybe God thought He would make it lighter so one would be able to handle it more easily!!! I think the Lord has a sense of humor.....

Very easy to read understand and helpful in learning the Greek language which is the original Bible language

Awesome book! very large and full of information.

Excellent.

Not quite what I expected but after I got used to its size it is an excellent reference

Shows all verses of the Bible containing the word you're searching for, and comes with a dictionary to explain the original language. Very useful

I was extremely disappointed especially with the dictionary. It was not at all what I expected from a Bible dictionary and ended up purchasing a pocket dictionary that is far superior to Vines.
