Losing Control (Changes Book 1)

Synopsis

Roma Raine used to be like any other detective on the beat--solving crimes and picking up random girls at bars after work. But after he came along...She changed. There's not one aspect of her life that he didn't steal from her. Now she thrives off control. Needs it, even. Why shouldn't she after all she's been through? Right when she's spiraling beyond the point of no return, a new Lieutenant gets hired to lead up the SVU unit across the hall. Will this woman be the one thing that can save Roma Raine from herself? Or will Roma be the thing that breaks her instead? Mature readers only. Book 1 of 3. An angsty HEA.

Customer Reviews

Excellent novel. Congrats to the author on a job well done! It has romance and sex but the core of the story is two damaged people helping each other to full recovery and full happiness and completion. Highest caliber of lesbian romance novel I've read, by far, as well as the best novel I've ever read by an "unknown" author (no disrespect intended). Fully enjoyed the complete characterization of Harper and Romie, totally well rounded and in depth, not just two names with

general descriptions but I feel like I know them. Here's to hoping I'll find my Harper one day! A+

Wow this book was so hard to put down... I fell in love with these characters this love story was so well written and the love scenes were great can't wait for the next installment ..Harper comes into Romas life with barring love friendship compassion understanding and laughter all which Roma was missing in life. U must read this book

This is a seriously great book. I couldn't put it down once I started it. Two people who are broken and hurting in there own ways meet and help each other heal. Lots of love, sex and romance in this book and it was an all together great read.

I read the book in one setting because I couldn't put it down!!! The plot, the two main characters and Roma's family, plus the hot sex scenes!!!! I couldn't get enough of this book. I look forward to reading the authors next book, or maybe even a continuation of this one focusing on their married life together....

Thus book started out slow but it picked up rather quickly. I am glad it wasn't all about the police force even though they are both cops. This book reveled a lot bout true self discovery and how to overcome pain from family and foes to find true love.GREAT BOOK A MUST READ!!!

i enjoyed this book. my only issue was that the author repeated the same things that one of the main characters was thinking of a lot.

I finished this book in 3 hours. I didn't know what to expect, and I got the best surprise. I would love for this story to continue!

Oh my gosh. I don't know if you can get better than this book as far as lesbian romance goes.
