Criminal Investigation: An Illustrated Case Study Approach

Synopsis

CRIMINAL INVESTIGATION: AN ILLUSTRATED CASE STUDY APPROACH is today's most modern, complete, visual, and "reality-based" guide to criminal investigation. Unlike other texts, it presents both written cases and a full sequence of photos for each case, enabling students to view crime scenes from top-to-bottom, and realistically apply investigative concepts. The authors first introduce core investigative tools, demonstrating the proper use of law and evidence gathering techniques. Next, they present detailed methods for investigating a wide spectrum of specific crimes. Each type of crime is illuminated with a detailed case study and a complete series of properly-sequenced crime scene photos. This text "no punches pulled" coverage helps students understand exactly what to expect in the field. It also contains detailed coverage of many crimes that other books overlook, including street gang crime, and crimes involving explosives.

Book Information

Paperback: 640 pages

Publisher: Pearson; 1 edition (December 30, 2012)

Language: English

ISBN-10: 0135057493

ISBN-13: 978-0135057490

James Lasley James Lasley, Ph.D., is Professor of Criminal Justice at California State University, Fullerton, and has held previous faculty appointments at Washington State University, Arizona State University, and The University of Southern California. His previous criminal justice agency experience includes prior work with United States Probation and Parole (Washington, D.C.), The Los Angeles Police Department, and California Commission on Police Officer Standards and Training (P.O.S.T.). He has also worked previously in the criminal justice private sector as a licensed Bail Bond Agent and Bounty Hunter (California) and has provided expert testimony on

street gang matters in criminal trials, as well as in hearings conducted by the U.S. Congress. His published works include over 50 books and articles covering a variety of issues concerning policing, forensic science and investigation, which have been featured in a wide range of practitioner-, trade-, government-, and academic-oriented publications, including Muscle & Fitness Magazine, FBI Law Enforcement Bulletin, NIJ (National Institute of Justice) Research in Brief, and Justice Quarterly.

Nikos Guskos Nikos Guskos is a Criminal Justice professor and lectures at various universities including California State University, Fullerton, where he is currently an Adjunct Professor of Criminal Justice. He holds a Master of Arts degree in Criminal Justice from Chapman University and is founder of the Guskos Institute – a criminal justice consulting firm located in Huntington Beach, CA. His teaching and research areas of expertise, in addition to criminal investigation, include street gangs, financial crimes, and homeland security. He is also presently an active member of law enforcement in Southern California and has several years of field experience in policing, which include patrol and specialized units focusing on gangs, financial crimes, and tactical training. Additionally, he is experienced as a first-responder to death scenes and has assisted in investigating several homicides. Presently, he is assigned to the Homeland Security Division of his department. Previous to his current assignment, he spent five years at the highest soft risk threat target in the Southern California region area. Responsible for enforcement, investigations and threat assessments. On a national level, he also serves as a consultant to The National Institute of Justice (NIJ) for research issues concerning policing and criminal investigation and is a proud veteran of the United States Army.

Randy A. Seymour Retired Sergeant Randy Seymour has over 25 years of law enforcement experience with a large metropolitan Sheriff's Department. His assignments included Custody, Patrol, Specialized Street Gang Patrol, Patrol Training Officer, and Patrol Sergeant. He also has seven years experience as a Street Gang Detective and more than nine years as a Homicide Investigator. He was the lead investigator in close to 100 homicides including stabbings, shootings, blunt force trauma, strangulation, rape, and poisoning. He assisted in more than 100 additional homicides during his career. Sergeant Seymour was also the lead investigator in more than 30 deputy- and officer-involved shootings and has assisted in more than 30 additional shootings. He also investigated approximately 50 suicides from gunshot wounds, hangings, overdoses, bleeding to death from self-inflicted cuts, and stepping in front of trains or other vehicles. He also investigated more than 100 suspicious deaths where the cause of death was not initially known. Sergeant Seymour personally responded to more than 250 death scenes and conducted the appropriate investigation. He also taught homicide scenes, homicides, suicides, sudden infant death syndrome and gang related homicides to local law enforcement and law

enforcement personnel from across the country. Sergeant Seymour has a Bachelor of Science Degree in Occupational Studies- Vocational Arts from California State University Long Beach.

Just got my book today and I'm in heaven. The package was wonderfully wrapped and the book was in great condition. I couldn't be any happier. Going to start reading it tonight to get a good start before school starts.

This is the first ebook I ever purchased. It took some getting used to not having the actual book right in front of me. I do prefer the book for reading, but the ebook turned out to be much more useful when I needed to look something up, because it has a search tool that helps you search the text for keywords.

I was disappointed to find this book riddled with spelling and grammatical errors.

This book makes reading fun. You must get this book because it has alot of interesting pictures.The book looks real nice. Should keep it on your shelf if you buy

Good textbook for class and came in very good condition.

Good book, came in great condition.

Great book

The book is very good to have with the class. Pictures are very graphic and you can't be squeamish about it.
