The Temptation Of Elminster: Forgotten Realms: Elminster, Book 3

Synopsis

How do you tempt an archmage who has everything? From a dark and dusty tomb, Elminster emerges, seeking the guidance of Mystra, and finds only silence. He is drawn into the clutches of the mysterious and sinister Lady of Shadows. The path he takes will lead to a Realms-shaking confrontation where Elminster has to make the most important choice of his long life. Whatever he decides, the Realms will be forever changed...

Customer Reviews

I love anything Elminster but this book is one of my favorites. If you've read other Elminster books or many Forgotten Realms books, you get used to Elminster and his.....well, antics. Sometimes he can be funny and I enjoy that side of him. I've always thought he was a well-rounded character but if you are a fan of the Forgotten Realms, and especially an Elminster fan, you need to get this story. There is the classic El we all love but in this story you see much of the darker side. You see some of what El had to go through and a little about why. I won't go into anything that is a Spoiler so let me just finish by saying you will understand Elminster of Shadowdale a lot better after reading this story. This is an easy 5 star rating.

Okay, but not very memorable.

Good ole Ed keeps me in the mood to toss the dice. This is an early tale of his epic character that

allows to see the progression of one of Forgotten Realm's most iconic personas.

I love any books with Elminster. He is, by far, my favorite literary character. Being able to read about his growth and development as he grows into becoming Faerun's most famous, or infamous, archmage is a treat.

A very interesting and grand journey for Elminster and those who know of him. A story that is both exciting and adventurous, with a little humor sprinkled in. Everyone seems to be hunting Elminsters.

This book lacks a strong central plot and is extremely difficult to follow. Nearly impossible to finish.

I have several of the elminster books and love everyone of them, the ending to this book always chokes me up

all in all good book, I plan on reading more of his work in the near future.
