## Customer Reviews

I regret this purchase. I couldn't find a substantial amount of tourist information about Corsica, so I was very excited about this book. While it's true it has 76 pages, it is all written in a very large font with very large margins and double spaced. So overall, there's not much in it. What is there seems to be copied directly from internet sources. The few pictures are in black and white and are highly pixelated. I would return it, but I didn't realize it doesn't offer free returns.
