Excellent laminated map

good

nice map, unfortunately there are so many streets and alleys packed together that you need 20/10 vision to read some of the names on the map;

The print was too small.

This map is of a good quality as far as materials go. It is sturdy and easy to return to its folded state. All areas are labeled by their Portuguese names, which makes it easier to find them when you

are actually trying to follow the Portuguese signs. It wasn't what I really wanted, however. We tend to stay in city centers and travel by train to outlying areas or to other cities. We don't typically rent a car in Europe. This map doesn't meet that need very well. This item included three distinct maps. One is a city center map, but it's the smallest of the three. The other two maps are of the areas surrounding Lisbon. So I think that if you are planning to travel by car in the areas around Lisbon, this might do you well. If you stick to the city, planning to cover most of it on foot, you'll want a better map.
