Product Dimensions: 8.5 x 0.8 x 10.8 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 4.3 out of 5 stars 22 customer reviews

Best Sellers Rank: #525,592 in Books (See Top 100 in Books) #121 in [Books > Textbooks > Medicine & Health Sciences > Nursing > LPN & LVN](#) #165 in [Books > Medical Books > Nursing > LPN & LVN](#) #446 in [Books > Textbooks > Medicine & Health Sciences > Nursing > Test Preparation & Review](#)

Customer Reviews

Excellent book worth buying lots of much needed information. But the previous owner just marked it up no notes and most answered questions was in Chinese . No notes I did not get as lucky as others. Pretty sure whoever it was did NOT PASS!!!

I made it into nursing school and this book was very instrumental. It had great questions and suggestions I am sure there are new editions great book and it helped me a lot! Good Luck (I am now an LPN for over 5 years and currently working on my RN)

This book was written to help you prepare for the LPN pre-entrance exam, and is divided into Math, Vocabulary, and Science sections. There are plenty of practice questions for each section as well as 3 complete practice tests. Answers are explained. The reviews are very basic and assume you already have a strong background in Math/Science. You may have to supplement the review with other material, as I did, say, for Biology. Shortcomings: (1) Many practice questions cover material not reviewed by the book, which was annoying. (2) There are errors in some of the answers given for

the practice questions. For example, the definition and explanation of wave amplitude was factually incorrect. So was the definition of a coverslip. Good points: (1) You get to try and answer a wide variety of questions on math and the sciences of Chemistry, Biology, and Physics. (2) The book gives you somewhat of a gauge by which to tell which topics you may need further materials for review. Bottom line: the book is better than nothing, but if you are thinking of buying one, get a "used" copy and save yourself a few bucks.

Good

The book is good from so far I have read it

Great book Great Service

Lots of notes from the previous owner. Love it

Perfect
