Customer Reviews

I did a fair amount of research before deciding to purchase this map for a Kauai trip, and was very pleased upon receipt. Then I ended up forgetting to bring it with me, much to the unhappiness of my whole group as I was our designated map person but only had the AAA Hawaii map (which has very little detail) when we got to the island! So for penance I ended up buying almost every map of Kauai we came across during our trip--and we never did come across this one. So after getting many others (e.g., Franko's Kauai Guide Map, Environmental Designs' Kauai Island Atlas, Pherrs' Kauai Travel Map, and even Odyssey Publishing's Ready Mapbook of Kauai), I was able to compare them all and would have preferred to have had this one for its nice combination of breadth and detail.

Note: The Odyssey atlas is unique with about 50 pages of detailed street maps (think I came across that one in the Lihue K-Mart), and well worth its \$11 price if you want a book with that level of detail.

The map was as good as expected. Lots of information on how I need to get where I want to do

things in Kauai. Great scale.

The publisher's description mentions that this map features, among other things, "rail networks." On Kauai? Er, no. Read the description above and see. Makes one wonder how much we can trust the map itself if their ad copy is not even checked for accuracy and plausability. My guess is that like so much of this modern day world, people rely on pre-written templates out of laziness. One size does definitely not fit all. Go with Canada's ITMB map instead.
