# Worlds Of Difference: Inequality In The Aging Experience

## Synopsis

This collection of readings presents a variety of perspectives on ageing from different communities across the United States: Native American, Puerto Rican, African American, the elderly homeless, white working class, gay and Mexican amongst many others. The readings cover topics such as: life course; social and psychological contexts of ageing; paid and unpaid activity; the American family; and health.

Average Customer Review: 4.2 out of 5 stars 6 customer reviews

Best Sellers Rank: #55,024 in Books (See Top 100 in Books) #26 in [Books > Politics & Social Sciences > Social Sciences > Gerontology](#) #27 in [Books > Medical Books > Medicine > Internal Medicine > Geriatrics](#) #189 in [Books > Politics & Social Sciences > Politics & Government > Public Affairs & Policy > Social Services & Welfare](#)

## Customer Reviews

The stories in it are cool and really interesting but honestly it is overpriced and should not be the textbook for a class. The intro to each part does an okay job with looking at each aspect of aging through a sociological lens but it is very basic knowledge and somewhat redundant.

Used for a college course. Book came in a fair condition and the price was fair too.

great book

Excellent textbook with incredible short stories for my class. It is written well and priced even better.

Excellent seller, smooth transaction. I highly recommend this book and this seller to everyone. It shows the difference between been white and been a person pf color as well as been elite and been

of any other social class. It all relates to aging and social rank.

Good book. Bought for class in gerontology. Good information. Is to follow and makes sense. Instructor thinks highly of it.
