Customer Reviews

USA TODAY® has been in circulation since September 15, 1982, and has a daily readership of nearly 6 million in print and online. Online: puzzles.usatoday.com

I bought this after my OT/Speech therapist recommended types of puzzles I should work on. I have slight brain damage from fixing an unruptured brain aneurysm with coiling and stent 4 years ago and my memory has been really bad. I really like most of the games/puzzles here with the exception of the crosswords (which I never liked beforehand either). I highly recommend this book of games for anyone needing to exercise their brains.

I bought a copy of this book for my friend, and accidentally ordered another for myself. Lucky me, I LOVED this. It was so entertaining and I learned a bunch of new puzzles. I'd buy this again (or

another just like it) in a heartbeat.

This is one of the best puzzle books that I've bought. You are given clear instructions on how to do each puzzle with different levels of difficulty. It is a good stress reliever! Keeps you focused on the solutions which are attainable.

Purchased a gift for my aging mother. She enjoyed spending time with it. She especially enjoyed cross words and word search puzzles.

Nice generous book content.

This was a Christmas gift for a friend that is hard to buy for. You know, the person who has everything. He seemed to be happy with the gift.

Love puzzle books. This book has everything from very easy to more challenging for each type of brain game. I'm not much for crossword puzzles but love almost every other type. It has some puzzles I've never done before (i.e. hidato), and found out I really like those also. Unfortunately I have trouble putting the puzzles down once I start thus the book is finished. Guess I'll have to buy another book of the same type.

Great book for using your brain.
