Synopsis

Many people want to learn Greek in order to better understand the Bible, but very few are able to spend the numerous years required to master Biblical Greek, even those who have a seminary education. The get-an-A laminated sheet for Greek for the Rest of Us by William Mounce is a critical part of acquainting students with the essentials of the language and deepening their understanding of God's Word. Developed by renowned Greek teacher William Mounce, this Greek for the Rest of Us Laminated Sheet will help students: recite the Greek alphabet; read and pronounce Greek words; learn the Greek noun and verbal system; conduct Greek word studies; decipher why translations are different; see the author's flow of thought and central message; and read better commentaries.

committee.

I am NOT a Greek Scholar. I wanted a "Cliff's Notes" to the Greek for my own studies. This provided me just that. It should last me a long time since it is laminated; however, when it wears out, I will buy it again.

A+

This was very helpful to me when I used it for a Greek course.

These laminated sheets contain the necessary basics to help beginners read and understand Greek. The information is laid out in a clear, easy to use format. I would recommend these sheets to anyone who is interested in studying Greek, especially for biblical and theological study

Helpful.

Excellent contents, macrons aren't clear enough ,though.

Just what is needed if you are going to do the "Greek for the Rest of Us" course.

The sheet helped make easier work of a difficult language. It was very handy to have such help at my fingertips.
