Customer Reviews

I love this author and anything this author writes. I am never disappointed with characters or storylines. Each book I pick up is unique but smolders my tablet. Here you get a whole set of yumminess.

Love, love, love this series, I have read the books several times and will read them again. The same characters are in each book and you come to feel like you know them, feel what they feel and when they love someone its the forever kind of love. This is a series I wish would go on forever so I know what happens to the boys of the Phoenix club as time goes by.
