Customer Reviews

What a waste of money.

I gave this gaming guide 5 stars because it really deserves the accoladeThere are other authors of game guide for Hay Day but none is more interesting and packed full of information than this ebookSo easy to buy for kindle so it is on hand all the whileBecome an expert gamer in no time with this guideRecommended very highly

This is a printed e book. Says in the first page not to print or sell it. Horrible quality anyways. Looks like printed in Someones house printer! Total rip off!

I haven't found a better guide than this. It's pretty decent with on point tips that are super helpful.
100% reliable.

a good read to help one get into the game with useful tips although a few did not work for me
