Synopsis

(Do you want to have secret mystical powers in the bedroom?) Read this for FREE on Kindle Unlimited! Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Do you know that when a man ties the bone of a hyena or a peacock that has been coated in gold in his right hand, then he becomes simply irresistible to women? Or if you boil a sparrow's egg in milk then mix it with butter and honey, then you have an aphrodisiac that would give Viagra a run for its money? How about learning the 40 different ways to kiss a lover? There is a special intimacy and celebration of sexual union that the Kama Sutra offers for us to practice and revere. These ancient texts allow us to be the best man and woman or husband and wife for each other. Not only would our sexual performance be enhanced, but also our deeper sexual desires understood and our full sensual arousal appreciated. In this book, we will delve into the exciting world of Kama Sutra as it shows us the art of sex and how it can be enjoyed in the physical, mental and spiritual level. It aims at providing the necessary information to couples – budding or experienced – to improve and nurture their social standing and sexual prowess for each other. Although this is not to be taken as a guide to a perfect life, when understood correctly it can tell of the joys to be had from the simple pleasures of a healthy and spiritual sex life. The sexual union, as exhibited in the passages of this book, is a combination of what is good about masculinity and femininity that are only fully shown off best when brought together. From the beginnings of passionate touch, we go deeper into the powers of embracing and kissing, both very enjoyable and appetizing foreplay and are very sacred to our tasteful lovemaking. And as we go from basic, to intermediate, to advanced positions in bed and elsewhere, we discover that the bliss that can be experienced from Kama Sutra transcends all our physicality, and brings us to higher states of being. Not surprisingly the Kama Sutra is known as the Book of Love as it fully expresses our wish to be intimate and loving to our partners and to ourselves. The Kama Sutra also shows us that the art of sex and other social functions are all interwoven into life's great tapestry as should be respected and enjoyed on its own merits. By enjoying and understanding the tantric ways of the Kama Sutra we are only adding to its beliefs and principles that we should enjoy these sexual practices as well as each other in many dimensions. We should not feel small and insignificant to the motions of the universe but happy we are part of this intergalactic play scene and are as important as all the other things that make up the cosmos around us. Reading this with my husband while in bed and thinking out loud to try some. Chapter 7 is really worth a try for the Advanced! Great book because it also includes some foods good for lovemaking. No images, kind of a downer. But it is very descriptive.
