Average Customer Review: 4.0 out of 5 stars 15 customer reviews

Best Sellers Rank: #59,210 in Books (See Top 100 in Books) #71 in [Books > Textbooks > Humanities > Foreign Languages > French](#) #548 in [Books > Reference > Dictionaries & Thesauruses > Foreign Language Dictionaries & Thesauruses](#) #768 in [Books > Reference > Foreign Language Study & Reference](#)

## Customer Reviews

"Students are more confident after using this book."

This was probably my favorite French textbook I've ever had. It explained things in a very clear, useful manner and covers a broad range of topics including vocabulary and conjugations. I often referred back to it when I had questions. I used this in an upper level college French course.

This book is very useful in its format. I appreciate the appendices in the back helping you with all conjugations - including irregulars. This book is really useful and presents useful exercises. Not your generic, boring textbook (I wouldn't call it exhilarating either, mind you).

La Grammaire *À l'usage des étudiants* est un livre très compliqué - pas pour les étudiants intermédiaires. Je crois que le livre ne communique pas clairement les principes fondamentaux, parce qu'il se concentre sur des concepts avancés de grammaire. Probablement, vous comprendrez que je n'écris pas en français. Je sais très bien, mais je suis un étudiant intermédiaire. Ce livre est trop complexe pour moi. La Grammaire *À l'usage des étudiants*

l'oeuvre is a very complicated book - not for intermediate French students (like myself). I know that the book does not communicate clearly the fundamental principles of French grammar because it focuses upon advanced French grammar and diction concepts. Probably, if you are an advanced student of French grammar, you will understand that my French is pretty intermediate. This grammar book was too complicated to teach me what I needed to know. However, I would argue that this book probably is a good book for advanced students of French grammar - students who want to study French grammar at the nuanced level of high school understanding. Yet, I believe the Grammar Francaise by Jacqueline Ollivier 3rd edition is a better textbook for intermediate students of French grammar.

Came with all course materials, including Quia Code

The book itself is useful for the course. However, the condition is very poor. When I purchased the book, the condition said it was lightly used but that is not true. Many of the exercises in the book have already been completed in pen which hinders my ability to see the exercise or practice.

I prefer a more straightforward and systematic form of teaching through a text. I don't like vague explanations through broad examples.

I gives multiple examples of what you are learning. The practice sets are very useful. recommend it for your class

Great for the price.
