Customer Reviews

great received it on time

Item as described and arrived on time.

This workbook is great to go along with the textbook. I love how it tells you the page range of the textbook on each page. I just wish that there was an answer key in the back, but for school I can see why there isn't. It's great for us homeschooling parents.

Great Product

I was moved to 5th grade and did not have any of the workbook pages to go with the series. This is great because now I have the pages and I don't have to make my own.

I wasn't aware that this workbook requires the textbook; it is not very useful without it and does not contain an answer key.

Be sure and buy the textbook that goes with it. Excellent organization and content.
