Although it had some years , It was quite updated and made my trip more enjoyable. Use some

internet for updating some info, in case you need it for planning.

Travel guides mention the large cities and restaurants, but this book mentions the interesting side trips with their true taste of Arkansas restaurants and lesser known sights to see. It made our trip very enjoyable.

We travel the back roads of America and never leave home without the "Off The Beaten Path" guides for the states we are traveling. The information is very good and the recommendations are "right on"! Don't leave home without it!
